

In September of the year 1930 the mutual garden interests of Dr. Kate Mead and Mrs. Mary G. Hinds brought about a meeting at the home of the former, to plan for a Haddam Garden Club. Enthusiasm was high.

The first official meeting, October 13, 1930 was held at the home of Mrs. Thomas Taylor.

Thus was planted a seed from which has sprung knowledge and a love of flowers.

Mary G. Hinds

*First Acting President of  
the Haddam Garden Club.*
