International Airport  
Boston

The famous TWA Flight Center is surrounded by a lush garden of numerous colorful plants of numerous kinds. Look for tropical flowers, ferns, and other plant life.

Airlines  
1962

Hand-painted details, including the Apollo Show Time sign, were added to the model.

Small plants and trees were added to the scene to create a lush, tropical atmosphere.

Applied Impression was used to create small and colorful design elements. In their model of this iconic Hawaii theme, models were used and the support is woven with black peppercorns.
